

## **Pulse BRITDOC Genesis Fund - Terms & Conditions**

### **Conditions of funding:**

Our primary aim is to help you get your film off the ground. These are development grants to help you experiment with form, find your approach and make your trailer.

Then we will help you connect to other funders and pitching opportunities. You don't need to be already working with either Pulse or BRITDOC and you don't need to work with either of us afterwards - filmmakers will retain all their rights and options.

We do not seek to recoup our grants or take a share of any profit you make and we do not take any rights in the film.

We would like our logo in your end credits. And we would like to see the materials that result from the grant.

We would like to be able to show your development trailer online upon completion, subject to your approval.

We would like to be able to share still images and excerpts from your development material in future promotion of the film fund, subject to your approval.

We aim to offer further funding and a Pulse/BRITDOC co-production offer to at least two of the Genesis grantees. We would offer to partner to help take the films through production, completion, launch and distribution. Terms to be negotiated in good faith if the film teams would like to take us up.

### ***Who is eligible?***

- Directors of any nationality, living anywhere.
- Directors of any level of experience, from first to last film.
- Projects need to be very early stage.
